

Sveriges Lärare Örebro

## Kondoleanser och hälsningar från Sveriges Lärares systerorganisationer runt om i världen.

Kära vänner,

Allt sedan den 4 februari, då Campus Risbergiska drabbades av den värsta attack som någon skola i Sverige erfarit, har ni varit i mina tankar. Jag vet att ni i Örebro lokalför-  
ening funnits där för dem som behövt ert stöd och att alla som arbetar i skolans värld i Örebro och i hela landet fått stå pall, undervisa, lyssna, trösta och svara på frågor som inte har några svar.

Jag har sett den stora solidaritet som kollegor visat varandra och hur stöd och tröst förmedlas till er från föreningarna i vårt förbund. Sveriges Lärare har också mottagit många solidaritetshälsningar från systerorganisationer i andra länder. Många har egna erfarenheter av våld och död som drabbar elever och lärare i skolattacker och krig. De ger uttryck för den globala fackliga solidaritet som vi i Sveriges Lärare är en del av. De uttrycker också sin medkänsla med de drabbade eleverna, deras familjer och vänner liksom medkänsla med dem som undervisar på Campus Risbergiska och hela Sveriges lärarkår.

Vi har samlat ihop kondoleanser och hälsningar som nått oss i mejl och på sociala medier. Nu skickar vi dem vidare till er i Örebro. Ni vet bäst om och hur, dessa hälsningar kan delas och med vem. Kanske finns i er närhet kollegor och medlemmar som skulle få styrka av att veta att de är föremål för den stora fackliga familjens omtankar just nu.

Med vänlig hälsning,

Anna Olskog  
Ordförande Sveriges Lärare

Solidaritetsbrevet i forbindelse med masseskytingen i Örebro

Utdanningsforbundet kondolerer så mye etter masseskytingen på Campus Risbergska i Örebro i går, 4. februar, der minst 11 personer ble drept. I tillegg ble flere personer såret og ligger alvorlig skadet på sykehus, i det som er den største masseskytingen i Sveriges historie.

Våre tanker går først og fremst til familiene til ofrene, men også til alle lærere og elever i Sverige som nå føler stor sorg og frykt. Som lærere, og som en del av et organisert arbeidsliv, må vi fortsette å arbeide for trygge skoler for barn og voksne, og trygge arbeidsplasser for lærere.

Medlemmene i Utdanningsforbundet sender varme hilsener til medlemmene i Sveriges Lärare.

Solidarity with Teachers, Students, and Education Workers in Sweden

We are deeply saddened by the tragic school shooting in Örebro, Sweden, which has claimed the lives of 11 individuals. Our thoughts are with the victims, their families, and all those affected by this devastating attack.

Schools must be safe spaces for learning, growth, and community. This tragedy underscores the urgent need for comprehensive measures to ensure the safety and well-being of students, teachers, and education staff. Violence in schools is not just an isolated incident—it is a broader societal issue that demands collective action from governments, policymakers, and communities.

As education unions, we stand in full solidarity with our colleagues in Sweden. We support ETUCE's call for increased efforts to protect schools and to address the root causes of violence in educational settings. No teacher, student, or school worker should have to fear for their safety in a place meant for learning and development.

We extend our condolences and stand together in the fight for safer schools across Europe and beyond.

### **TUESWU, Ukraina**

We were deeply shocked by the tragic shooting at Risbergska School in Örebro that claimed at least 10 innocent lives and condemn this violent attack. Such horror should not happen in our time. Schools should be safe places for students and their relatives, teachers and education staff.

On behalf of all members of the Trade Union of Education and Science of Ukraine, we express our sincere solidarity with the people of Sweden and express our deepest condolences and sympathy to the families of the victims of this horrific attack.

In Ukraine, we know how painful it is to hear about another terrorist attack that takes lives, injures civilians and causes damage.

Our hearts go out to the victims, their families and all those affected by this terrible tragedy.

### **FPU Ukraina (Hälsning från centralorganisation i Ukraina förmedlad av Saco)**

We were shocked to learn of the shooting at the school in Örebro . We mourn with the families of the victims, teachers and the entire Swedish people.

Such horror should not happen in our time. Schools should be safe places for students and their relatives, teachers and education staff. Sadly, schools in Ukraine are also targets for Russian terrorists, and we know how much it hurts to hear of another terrorist attack taking lives, health of civilians and inflicting damage.

Please send our solidarity and sympathy to teachers' trade union.

### **American Federation of Teachers -USA**

Dear Anna:

On behalf of the 1.8 million members of the AFT, we are heartbroken by the tragic school shooting in Örebro. We send our condolences to the affected families, colleagues,

students and the entire community. We stand with you in mourning.

We know your pain all too well. For years, our own nation has been on a dangerous trajectory—cuts to mental health services, declining support for educational and public institutions, societal division, and the alarming rise of gun violence.

We do not claim to have all the answers, but we will continue to sound the alarm on this crisis. We cannot afford to look away. We are committed to standing with the Swedish Teachers' Union and other Education International member organizations to create the safer world we know is possible.

Kära kollegor,

Vi skriver på detta informella sätt för att uttrycka vår solidaritet i det ni upplever efter skjutningen på Campus Risbergiska.

Vi föreställer att det utifrån denna situation kommer att bli mycket debatt om hur vi lever tillsammans, migration, varje människas rätt till utbildning etc.

Från vår sida vill vi inte gå in i någon debatt, vi vill bara skicka en stor kram och säga att vi tänker på er och på alla personer i Sveriges Lärare.

### **CNTE, Brasilien (översättning)**
